# 2014 Program Descriptions

| Program  | Program Description   | Type of Funding | Resources Available   |
|--|---|-----------------|-----------------------|
|  | New York State Council on the Arts (Arts)   |                 |                       |
| Arts Grant Program (Arts CHPG; TIP; APCE; WIP)                                 | Funds are available under Article 3 of the Arts and Cultural Affairs Law for the study of and presentation of the performing and fine arts; surveys to encourage participation in the arts; to encourage public interest in the cultural heritage of the state, and to promote tourism by supporting arts and cultural projects. Culture & Heritage Project Grant (CHPG); Workforce Investment Program (WIP); Artistic Program Capital Equipment (APCE); Technology Improvements Program (TIP)  | Grant           | Up to \$5 million     |
|  | NYS Canal Corporation (Canals)  |                 |                       |
| Canalway Matching Grant Program (Canals)                                       | The Canalway Grants Program is a competitive matching grant program available to eligible municipalities and 501(c)(3) non-profit organizations along the New York State Canal System. Funding is for Capital Projects that meet the objectives of the Regional Economic Development Councils and the NYS Canal Recreationway Plan.   | Grant           | Up to \$1 million     |
|  | Department of Environmental Conservation (DEC)  |                 |                       |
| DEC/EFC Wastewater Infrastructure Engineering Planning Grant Program (DEC EPG) | The New York State Department of Environmental Conservation (DEC), in conjunction with the New York State Environmental Facilities Corporation (EFC), will offer grants to municipalities to help pay for the initial planning of eligible Clean Water State Revolving Fund (CWSRF) water quality projects. Up to \$2 million has been made available for this program. The NYS DEC/EFC Wastewater Infrastructure Engineering Planning Grant (EPG) will assist municipalities facing economic hardship with the engineering and planning costs of CWSRF-eligible water quality projects.  | Grant           | Up to \$2 million     |
|  | Department of Labor (DOL)   |                 |                       |
| Workforce Development Grants (DOL EET, NHT, UWT)                               | Grant funding is available to private sector for-profit and not-for-profit businesses, training providers and local workforce investment boards to upgrade the skills of the workforce. Classroom instruction will be provided to existing employees who are at risk of being laid off without the training; newly-hired workers who were long-term unemployed will be trained on-the-job to perform their required job duties; and long-term unemployed individuals will be trained in a classroom setting for positions that are open in the region, with a commitment by businesses to interview individuals who successfully complete the training. Existing Employee Training (EET); New Hire Training (NHT); Unemployed Worker Training (UWT) | Grant           | Up to \$5 million     |
|  | Department of State (DOS)   |                 |                       |
| Local Government Efficiency Grants (DOS LGE)                                   | For the 2013-2014 program year, \$4 million is available under the Local Government Efficiency (LGE) Grant program to assist local leaders reduce municipal expenditures, limit the growth in property taxes and increase efficiencies in local service delivery. Projects can include local government reorganization, functional or service delivery consolidation, city or county charter revisions that include functional consolidation, cooperative service agreements, and establishment of regional service delivery mechanisms.  | Grant           | Up to \$4 million     |
| Community Services Block Grant (DOS CSBG)                                      | Provides grants on a competitive basis for the following priority areas: Job Creation and Placement; Workforce Education and Development; Soft Skill Development; and Entrepreneurial Development.  | Grant           | Up to \$1 million     |
| Local Waterfront Program (DOS LWRP)  | The Local Waterfront Revitalization Program provides matching grants on a competitive basis to revitalize communities and waterfronts.  | Grant           | Up to \$11.75 million |
|  | Environmental Facilities Corporation (EFC)  |                 |                       |
| Green Innovation Grant Program (EFC GIGP)                                      | The Green Innovation Grant Program (GIGP) provides grants on a competitive basis to projects that improve water quality and demonstrate green stormwater infrastructure in New York. GIGP is administered by NYS Environmental Facilities Corporation (EFC) through the Clean Water State Revolving Fund (CWSRF) and is funded with a grant from the US Environmental Protection Agency (EPA).  | Federal Grant   | Up to \$12.6 million  |

| Program  | Program Description  | Type of Funding | Resources Available  |
|--|--|-----------------|----------------------|
|  | Empire State Development (ESD)   |                 |                      |
| Excelsior Jobs Program (EJP)                                       | Refundable tax credits are available for strategic businesses such as high tech, bio-tech, clean-tech and manufacturing that create or retain jobs or make significant capital investments. Businesses meeting the eligibility criteria may apply for assistance at locations throughout New York State.   | Tax Credit      | Up to \$70 million   |
| ESD Grant Funds (ESD Grants)                                       | ESD has several grant programs that together make available \$150 million of capital grant funding for the Regional Economic Development Council Initiative. Capital grant funding is available for capital-based economic development projects intended to create or retain jobs; prevent, reduce or eliminate unemployment and underemployment; and/or increase business or economic activity in a community or Region.  | Grant           | Up to \$150 million  |
| Market New York (ESD MNY)  | The Market New York Grant program supports regionally-themed New York-focused projects that promote tourism destinations, attractions, special events and other travel-related activities that help achieve the Regional Councils' long term strategic goals for economic growth, which include attracting more visitors to New York State.  | Grant           | Up to \$10 million   |
| Innovation Hot Spot Support Program (ESD IHSSP)                    | Designated Innovation Hot Spots will be eligible for operating grants from ESD. Designation as an Innovation Hot Spot brings another benefit for the start-up companies within the Hot Spot. These companies will be eligible for significant state income and sales tax benefits for a period of five years.  | Grant           | Up to \$1.25 million |
| Strategic Planning and Feasibility Study Project Grants (ESD SPFS) | Through ESD's Economic Development Purposes Fund, funding of up to \$1 million is available for working capital grants of up to \$100,000 each to support 1) technical assistance to local businesses and 2) training and career development opportunities to local workers. Projects should focus on economic development purposes, and preference shall be given to projects supporting Regional Economic Development Council Opportunity Agenda priorities and located in highly distressed areas.  | Grant           | Up to \$1 million    |
|  | Homes and Community Renewal, Office of Community Renewal (HCR and HCR/OCR)   |                 |                      |
| New York State Community Development Block Grant Program (CDBG)    | The Community Development Block Grant (CDBG) Program is a federally funded program authorized by Title I of the Housing and Community Development Act of 1974. The CDBG Program is administered by the Office of Community Renewal (OCR) under the direction of the New York State Housing Trust Fund Corporation (HTFC). NYS CDBG funds provide eligible small communities and non-urban counties in New York State with an opportunity to undertake activities that focus on community development needs such as creating or expanding job opportunities, providing safe affordable housing, and/or addressing local public infrastructure and public facilities issues. The primary statutory objective of the CDBG program is to develop viable communities by providing decent housing and a suitable living environment by expanding economic opportunities, principally for persons of low and moderate income. Six CDBG program applications were available for 2014: Economic Development, Small Business, Microenterprise, Public Infrastructure, Public Facilities, and Community Planning. | Grant           | Up to \$25 million   |
| New York Main Street Program (HCR NYMS, HCR NYMS-TA)               | The New York Main Street (NYMS) program was formally established in Article 26 of New York State Private Housing Finance Law. The NYMS program is administered by the Office of Community Renewal (OCR) under the direction of the Housing Trust Fund Corporation (HTFC). NYMS funds are awarded to units of local government and not-for-profit organizations that are committed to revitalizing historic downtowns, mixed-use neighborhood commercial districts, and village centers. NYMS grants are available for targeted improvements such as facade renovations, interior commercial and residential building renovations, and streetscape enhancement projects. Two NYMS Program applications were available for 2014: Traditional NYMS and NYMS Technical Assistance (NYMS-TA).   | Grant           | Up to \$4.2 million  |

| Program   | Program Description   | Type of Funding | Resources Available  |
|---|---|-----------------|----------------------|
|   | Office of Parks, Recreation and Historic Preservation (Parks)   |                 |                      |
| EPF Municipal Grants (Parks HAS-A; HAS-D; HAS-P; HP-A; HP-D; HP-P; PKS-A; PKS-D; PKS-P) | The EPF provides matching grants on a competitive basis for the acquisition, planning, development, and improvements of parks, historic properties, and heritage areas located within the physical boundaries of the State of New York. Parks (PKS) is for the acquisition (A), development (D) and planning (P) of parks and recreational facilities to preserve, rehabilitate or restore lands, waters or structures for park, recreation or conservation purposes and for structural assessments or planning for such projects. Historic Preservation (HP) is to improve, protect, preserve, rehabilitate, restore or acquire properties listed on the State or National Register of Historic Places and for structural assessments or planning for such projects. Heritage Areas System (HAS) is for projects to acquire, preserve, rehabilitate or restore lands, waters or structures, identified in the approved management plans for Heritage Areas designated under sections 33.03 and 33.05 of the Parks, Recreation and Historic Preservation Law, and for structural assessments or planning for such projects. | Grant           | Up to \$15.5 million |
|   | New York State Energy Research and Development Authority (NYSERDA)  |                 |                      |
| Energy Efficiency Programs  | NYSERDA's Commercial and Industrial (C&I) programs offer businesses in New York State solutions to improve energy efficiency and save money through design, new construction, renovation, and process improvements to commercial and industrial buildings. The New Construction Program and the Existing Facilities Program can help building owners make informed decisions about designing and renovating sustainable buildings. The FlexTech Program offers energy-saving opportunities through consultation and cost-shared studies. The Industrial and Process Efficiency Program can help organizations increase manufacturing output and data processing efficiency.   | Incentive       | Up to \$50 million   |
| Cleaner, Greener Communities Phase II Implementation Grants (NYSERDA CGC)               | NYSERDA's Cleaner, Greener Communities (CGC) Program encourages communities to develop and implement regional sustainable growth strategies. Phase I of CGC provided funding to the 10 Regional Economic Development Council (REDC) regions in New York State (NYS) for the development of Regional Sustainability Plans. Through Phase II of CGC, NYSEDA is offering competitive grants for the implementation of innovative, community-based projects that reduce greenhouse gas emissions and create more resilient, sustainable communities. Projects will stimulate environmentally sustainable economic growth consistent with the Phase I Regional Sustainability Plans and REDC Strategic Plans. Project types include large-scale sustainability projects as well as local planning and zoning efforts intended to enhance environmental, economic, and social well-being across the state.  | Grant           | Up to \$30 million   |
|   | Industrial Development Bond Cap (IDB CAP)   |                 |                      |
| Industrial Development Bond Cap (IDB Cap)   | Up to \$350 million from the Federal IDB Cap allocation will be available for State and local government issuers to sell tax exempt bonds for private projects that demonstrate a public purpose.   | Tax Exempt Bond | Up to \$350 million  |

# 10 Regional Councils

Western New York: Allegany, Cattaraugus, Chautauqua, Erie, Niagara

Finger Lakes: Genesee: Livingston, Monroe, Ontario, Orleans, Seneca, Wayne, Wyoming, Yates

Southern Tier: Broome, Chemung, Chenango, Delaware, Schuyler, Steuben, Tioga, Tompkins

# WESTERN NY

\$58.6 million awarded to 69 projects

| CFA # | County                            | Applicant  | Project Title   | Description   | Agency/Program | Award     |
|-------|-----------------------------------|--|---|---|----------------|-----------|
| 41056 | Allegany                          | Allegany County Community Opportunities and Rural Development ACCORD Corporation | Employment Training Program                           | Allegany County will provide training services and activities focused on training and creating sustainable employment opportunities for residents. ASSET project participants will have access to high quality case management, workforce development, supportive services, on-the-job training, and the opportunities to participate in professional development training and attain professional credentials. | DOS CSBG       | \$100,000 |
| 41052 | Allegany                          | Town of Bolivar  | Municipal Pool Improvements                           | The Village of Bolivar, in partnership with the Town of Bolivar, will make make major renovations and improvements to the Moore Memorial Pool and grounds. The pool is the only public swimming pool in Allegany County, an impoverished county with very limited recreational opportunities. Major renovations and improvements are now needed to ensure its continued existence for future generations.       | Parks PADP     | \$240,156 |
| 41533 | Allegany                          | Town of Caneadea   | New Park Acquisition and Planning                     | The Town of Caneadea will acquire property owned by Houghton College for development as a Town Park. The 20-acre parcel of property for the proposed Caneadea Town Park extends along New York State Route 19 on the bank of the Genesee River.   | Parks PADP     | \$82,491  |
| 39929 | Allegany                          | Village of Andover   | Drinking Water Feasibility Study                      | The Village of Andover will use \$50,000 in CDBG Community Planning funds and \$2,632 in local funds to complete an Engineering Study focused on the feasibility of providing the Village with municipal drinking water service.  | HCR CDBGCP     | \$50,000  |
| 42659 | Allegany                          | Village of Wellsville  | Wastewater Treatment Plant Engineering Planning Grant | The Village of Wellsville will complete an engineering report to evaluate the capacity of the Village wastewater treatment plant considering State Pollution Discharge Elimination System (SPDES) permit limit changes and the ability of the plant to accept landfill leachate.  | DEC EPGP       | \$30,000  |
| 40102 | Allegany, Cattaraugus, Chautauqua | Jamestown Community College  | Machinist Training Program                            | Jamestown Community College will train 22 long-term unemployed workers as machinists including math and reading, lean manufacturing, engineering drawing and AutoCAD, machine theory and operation, mathematics for machinists, OSHA 10 hour, computerized numerical control (CNC), manufacturing drawings and geometric dimensioning and tolerancing, and machine tool technology 2.                           | DOL UWT        | \$99,998  |

## Western New York

| CFA # | County      | Applicant                           | Project Title  | Description   | Agency/Program | Award       |
|-------|-------------|-------------------------------------|--|---|----------------|-------------|
| 40043 | Cattaraugus | Cattaraugus Empire Zone Corporation | Olean Business Incubation Center   | An existing building in downtown Olean will be renovated to make way for a new business incubator.  | ESD Grants     | \$400,000   |
| 41460 | Cattaraugus | City of Olean                       | Allegheny River Public Access and Recreation Plan                              | The City of Olean, in partnership with the City of Salamanca; Towns of Portville, Olean, and Salamanca; Villages of Portville and Allegany, will establish a plan for a multi-use recreation trail system along the Allegheny River. The project will explore strategies to improve waterfront access, promote the underutilized river corridor, and attract recreation-based businesses to strengthen the tourism economy. | DOS LWRP       | \$38,785    |
| 39780 | Cattaraugus | City of Olean                       | North Union Street Green Revitalization  | This project will incorporate green infrastructure into a larger \$8.85 million reconstruction project that addresses failing roadway infrastructure in the City of Olean's Central Business District. Green infrastructure practices will include bioretention, stormwater street trees, and porous pavement.  | EFC GIGP       | \$854,000   |
| 41655 | Cattaraugus | Village of Allegany                 | Town-Village Sanitary Sewer Planning Study                                     | The Village of Allegany with the Town of Allegany will complete an engineering report to evaluate the existing sanitary sewer collection systems within the Village and Town of Allegany and study the viability of expanding the collection system to currently unsewered areas in the Town of Allegany.   | DEC EPGP       | \$30,000    |
| 42710 | Chautauqua  | 1891 Fredonia Opera House           | Seamless Movie Screen, 16-Channel Sound Board & LED Color Lighting Instruments | The 1891 Fredonia Opera House will purchase a seamless movie screen, a new 22-channel sound board and six new LED color lighting instruments. All of the equipment will serve to enhance the quality of the artistic programs presented.  | Arts APCE      | \$11,800    |
| 39191 | Chautauqua  | Chautauqua County                   | Regional Water Supply System Construction and Installation                     | The North Chautauqua County Regional Water Supply System project will consist of constructing a new two-million gallon water storage tank and installing a new water interconnection with a pump station between Village of Fredonia and City of Dunkirk.   | ESD Grants     | \$1,000,000 |
| 40124 | Chautauqua  | CODE, Inc.                          | Appleyard Greenway Recreation Project  | The project consists of acquiring property and developing safe recreation space. There will be playground equipment for small children, open space for older children and basketball for teens and adults. This project will provide the only walkable recreational facilities to local residents.  | Parks PADP     | \$338,886   |
| 39185 | Chautauqua  | Jamestown Renaissance Corporation   | STRIVE Jamestown 2014  | The Jamestown Renaissance Corporation will use \$250,000 in New York Main Street funds to assist in the renovation of the former M&T Bank Building. The building will be renovated to accommodate a technology-based business, grocery, and a business banking unit. Total cost of the project is \$4.3 million with funds expected from historic tax credits, the property owner, and Jamestown Renaissance Corporation.   | HCR NYMS       | \$250,000   |

# Western New York

| CFA # | County     | Applicant                                | Project Title   | Description  | Agency/Program | Award       |
|-------|------------|--|---|--|----------------|-------------|
| 41643 | Chautauqua | National Comedy Center, Inc.             | Expansion of National Comedy Center                   | The National Comedy Center in Jamestown will launch a construction project to create an interactive guest experience and improved access to the Comedy Center Park and patio along the riverfront.   | ESD Grants     | \$1,500,000 |
| 41741 | Chautauqua | Town of Ripley                           | Public Sewer Extension Planning Study                 | The Town of Ripley will complete an engineering report to evaluate extending public sewer to the New York State Thruway interchange area and the evaluation of the existing collection system.   | DEC EPGP       | \$30,000    |
| 39938 | Chautauqua | Village of Brocton                       | Main Street Market Assessment                         | The Village of Brocton will use \$20,000 in New York Main Street Technical Assistance funds to conduct market analyses and develop building renovation cost estimates for 13 buildings on the Village's main street. The total project cost will be \$27,250, with \$7,250 from the Village and CHRIC in the form of cash and in-kind contributions.   | HCR NYMSTA     | \$20,000    |
| 41387 | Chautauqua | Village of Sinclairville                 | Water Tank Replacement Project                        | The Village of Sinclairville will use \$600,000 in NYS CDBG funds to replace an existing water tank and approximately 33,100 LF of water lines. The total cost of the project is \$5,000,000 and includes \$4,250,000 from the Environmental Facilities Corporation.   | HCR CDBGPI     | \$600,000   |
| 37830 | Erie       | Alix Rice Peace Park Foundation          | New Skatepark Development                             | Alix Rice Peace Park Foundation will create a 10,000 square foot skateboard facility in Amherst, expected to draw 10,000 - 30,000 visitors a year. The plan includes beginners' learning programs, skate camps, as well as host capabilities for professional competitions which can draw sponsorship, competitors and visitors from across the state.   | ESD MNY        | \$5,000     |
| 37830 | Erie       | Alix Rice Peace Park Foundation          | Alix Rice Peace Park Skatepark                        | The Alix Rice Memorial Skate Park will be a 10,000-square-foot state-of-the-art "California" style skateboard park with bowls and rolling flow. The facility will be built at the North Town Center in Amherst, in the northern parking lot adjacent to the football field and bike path. NYS OPRHP funds will be used for construction of the skate facility and electrical installation.   | Parks PADP     | \$123,888   |
| 39510 | Erie       | Blessed Trinity Catholic Church          | Restoration of a Community Anchor and Tourism Product | The project will restore a quality tourism product, Blessed Trinity Roman Catholic Church, through major repairs to its front entrance, roof and windows. The building is renowned as one of the finest examples of Lombard Romanesque architecture in the US. Restoration will complement other construction projects in the Fillmore-Leroy neighborhood. Restoration will employ local craftsmen and contribute to the burgeoning heritage tourism movement in the Buffalo-Niagara region. | Parks HPADP    | \$329,643   |
| 42493 | Erie       | Buffalo Arts and Technology Center, Inc. | Pre-Training Literacy Program                         | Buffalo Arts and Technology Center, Inc. of Buffalo will train 140 long-term unemployed workers in pre-training literacy.  | DOL UWT        | \$100,000   |

## Western New York

| CFA # | County | Applicant                            | Project Title  | Description   | Agency/Program | Award       |
|-------|--------|--------------------------------------|--|---|----------------|-------------|
| 41428 | Erie   | Buffalo Fine Arts Academy            | AK Innovation Lab                                    | The AK Innovation Lab is a flexible framework for diverse initiatives of varying scale and duration, the first two of which have begun. Project 1 is art games 2.0, a complete overhaul of a first-of-its-kind online art game for kids. Project 2 seeks to revitalize museum education with new methods of access and engagement. AK Innovation Lab is an agent of transformative change for the Albright-Knox, for communities in Western NY, and for the museums sector more broadly.              | Arts CHPG      | \$76,000    |
| 42714 | Erie   | Buffalo Niagara Medical Campus, Inc. | Pedestrian Bridge Construction                       | The Buffalo Niagara Medical Campus will construct two above-ground pedestrian bridges connecting the new University at Buffalo (UB) School of Medicine and Biomedical Sciences; the new Coventus Medical Office Building; and UB Research Institute on Addictions.  | ESD Grants     | \$650,000   |
| 41713 | Erie   | Buffalo Niagara Riverkeeper          | Scajaquada Creek Paddlesport Launch                  | Buffalo Niagara Riverkeeper will complete Phase 2 of the Paddlesport Micropark.   | Canals         | \$150,000   |
| 43510 | Erie   | Buffalo Sewer Authority              | Buffalo Green Site Restoration Demonstration Project | This project will implement a green infrastructure program on vacant lots in the City of Buffalo. Bioretention practices will be installed and inspected to confirm their compliance with post construction protocols developed through an EPA Technical Assistance Grant in 2014. The outcome of this project will identify any barriers and opportunities associated with the full extension of bioretention treatments to the City's typical annual 500+ site demolition program.                  | EFC GIGP       | \$1,800,000 |
| 41302 | Erie   | Burchfield Penney Art Center         | Traveling Exhibitions Program                        | The Burchfield Penney Art Center will use the funding to support the development and dissemination of marketing materials related to its new traveling exhibitions program to market Western New York arts and artists to national and international audiences. The overall impact on the Buffalo community is to solidify Western New York as a world-class destination for arts and culture audiences, supporting the WNYREDC goals of increasing tourism.  | ESD MNY        | \$36,000    |
| 40477 | Erie   | Burchfield Penney Art Center         | Front Yard Project High-Luminosity Projectors        | Burchfield Penney launched a groundbreaking public art project, Front Yard Project (FYP) - the world's first environmentally-responsive, interactive, 3-channel, outdoor audio/video, multimedia installation - in October 2013. The museum will replace the current three projectors with higher-luminosity projectors, providing a more engaging and enjoyable experience for audiences while presenting artists' video works in the manner in which they were intended to be seen and experienced. | Arts APCE      | \$49,500    |
| 41656 | Erie   | Catholic Charities of Buffalo        | Hospitality and Tourism Training                     | Catholic Charities of Buffalo will train 48 long-term unemployed workers in hospitality and tourism-specific customer service, communication/housekeeping/maintenance, food and beverage/SERVSAFE, pre-job placement and workplace readiness, on-the-job training, and debrief.   | DOL UWT        | \$99,600    |

| 43424 | Erie   | Just Buffalo Literary Center  | JB40  | JB40 will capitalize on Just Buffalo Literary Center's 40th Anniversary through an integrated program expansion and marketing effort that achieves the goals of its Strategic Business Plan. The project is focused on providing a robust platform to support, inspire and develop WNY's next generation of writers.   | Arts CHPG      | \$60,000  |
| 42826 | Erie   | People United for Sustainable Housing (PUSH) Buffalo  | Buffalo Community Sustainability Initiative | The Community Sustainability Initiative project consists of a Green Development Zone (GDZ) Enhancement Project, strengthening People United for Sustainable Housing (PUSH)'s community-driven, nationally recognized sustainability district on Buffalo's West Side. The project includes renewable energy projects on three sites and a Community Solar Aggregation Project that will build on the Green Jobs/Green NY program to generate 250 solar photovoltaic (PV) installations in low-to-moderate income communities across Western New York. | NYSERDA CGC3   | \$902,980 |
| 39137 | Erie   | Research Foundation for the State University of New York on behalf of Buffalo State         | Advanced Manufacturing Technician Training  | SUNY Buffalo State will train 24 long-term unemployed workers in orientation to manufacturing industries; introduction to OSHA safety training; wellness and conditioning; manufacturing environment skills; tools that are used in manufacturing; blueprint reading; shop math; introduction to lean manufacturing; materials properties; precision machining processes; numeric control systems; and provide internship opportunities.   | DOL UWT        | \$100,000 |
| 40589 | Erie   | Research Foundation for the State University of New York on behalf of University at Buffalo | Dental Assistant Training                   | University at Buffalo will train 20 long-term unemployed workers in dental assisting; clinical skills/cardiopulmonary resuscitation (CPR); dental materials; dental office procedures; clinical patient care; pre-clinical technology lab studies; preventative dentistry; dental radiology; dental lab studies; dental sciences; chair side skills; customer service; basic Spanish for healthcare workers; medical billing/coding; medical insurance; and Microsoft Word and PowerPoint.   | DOL UWT        | \$52,710  |
| 39668 | Erie   | Roycroft Campus Corporation   | New Visitor Center Development              | This project will enhance the Roycroft Visitor Center in 2015 through increased staffing, the addition of an electronic informational display, and increased marketing efforts. The Visitor Center will serve as an information center not only for the benefit of the Campus, but also local businesses and similar cultural organizations.   | Arts CHPG      | \$30,000  |
| 43421 | Erie   | Squeaky Wheel/ Buffalo Media Resources, Inc.  | Program Expansion                           | In response to a continued increase in demand for its education programs, Squeaky Wheel will transition its part-time Youth Education Coordinator into a full-time Education Director. This expansion addresses the need to unite education programming under the jurisdiction of one full-time position to manage programmatic growth and maximize efficiency and impact of the organization's educational programming.   | Arts CHPG      | \$11,500  |

| CFA # | County | Applicant  | Project Title   | Description   | Agency/Program | Award     |
|-------|--------|--|---|---|----------------|-----------|
| 42135 | Erie   | The Center for Exploratory and Perceptual Art (CEPA) Gallery | Expand Artistic & Educational Programming                 | The Center for Exploratory and Perceptual Art will hire a full-time, salaried Development Associate. This new position is essential to the continued growth and stability of CEPA's artistic and educational programming and to achieving its strategic goals. The Associate will support CEPA's Executive Director and Board by driving its annual campaign and special events fundraising and overseeing all donor relations, recognition and stewardship activities. | Arts WIP       | \$49,500  |
| 40552 | Erie   | Torn Space Theater   | The Calling: Torn Spaces Site Specific Performance        | The Calling is a performance designed for a complex of grain elevators in Buffalo NY. The project will involve several performance areas throughout the site and surrounding landscape. The Calling continues Torn Space's efforts in adaptive reuse within the cultural sector and the staging of civic rituals for the community.   | Arts CHPG      | \$15,200  |
| 42761 | Erie   | Town of Amherst  | Smart Growth and Sustainability Planning                  | The Town of Amherst will revise its existing Comprehensive Plan and Zoning Code to incorporate smart growth and sustainability principles into all planning and development efforts. The benefits of this project will include green infrastructure components and improved energy efficiency of Town municipal buildings.  | NYSERDA CGC2   | \$161,250 |
| 43090 | Erie   | Town of Concord  | Sewer District Engineering Study                          | The Town of Concord will complete an engineering report to evaluate constructing a new wastewater treatment plant to serve both the Craneridge Sewer District #1 and Kissing Bridge Sewer District #2.  | DEC EPGP       | \$30,000  |
| 39378 | Erie   | Town of Tonawanda  | Lincoln Park Green Pathway                                | The Town of Tonawanda will replace an impervious concrete sidewalk with a porous pavement path designed to drain adjacent fields in Lincoln Park. The porous pavement path and rain gardens will be installed to capture, filter, and infiltrate stormwater before it enters Ellicott Creek.  | EFC GIGP       | \$700,000 |
| 42393 | Erie   | TriMain Development  | Green Infrastructure Retrofit                             | The project will enhance a mixed use, commercial and art center, and business incubator. Green infrastructure practices include a green roof, a stormwater harvest and reuse system, and porous pavement. These practices will be used to reduce runoff and mitigate combined sewer overflows that contaminate the receiving waters of the Niagara River.   | EFC GIGP       | \$930,000 |
| 42465 | Erie   | Trinity Church   | Antique Window Protection and Visibility Project          | Trinity Church in Buffalo is internationally renowned for its collection of architecturally-significant stained glass windows, including the largest collection in the world of LaFarge and Tiffany windows in one place. This project aims to remove the existing, decades old, exterior coverings, replacing them with vented, aluminum framed, lexan storm windows. The clear lexan windows will increase exterior visibility, drawing visitors inside.              | Parks HPADP    | \$193,590 |
| 39521 | Erie   | Village of Akron   | Town-Village Wastewater Infrastructure Engineering Report | The Village of Akron with the Town of Newstead will complete an engineering report to evaluate documented sanitary sewer overflows, State Pollution Discharge Elimination System (SPDES) permit requirements, system upgrades and possible expansion of sewer service to unsewered areas.   | DEC EPGP       | \$30,000  |

# MOHAWK VALLEY

\$59.6 million awarded to 59 projects

| CFA # | County   | Applicant             | Project Title  | Description   | Agency/Program | Award     |
|-------|--|-----------------------|--|---|----------------|-----------|
| 40338 | Fulton, Schoharie, Albany, Hamilton, Madison, Schenectady, | Schenectady County    | Phase II Implementation Mohawk River Watershed Management Plan | Schenectady County will implement recommendations of the Mohawk River Watershed Management Plan. The project will install boat wash stations at Caroga, Canada and Peck Lakes, and a portable unit for other Fulton County lakes to address aquatic invasive species; restore the headwaters of Oriskany Creek to mitigate flooding and sediment loading; revegetate roadside ditches in Albany, Schenectady, Schoharie, and Hamilton Counties to reduce sedimentation, erosion, and nonpoint source pollution.   | DOS LWRP       | \$332,480 |
| 42105 | Herkimer   | City of Little Falls  | Veterans Memorial Park Economic Improvement Project            | The project will replace unsafe and inefficient lighting and re-surface the tennis and basketball courts at Veterans Memorial Park. The project will include new aluminum light poles and energy efficient fixtures for the baseball field and new efficient lighting and paved court surfaces for adjacent tennis and basketball courts. The project will enable the Mohawk Valley Diamond Dawgs amateur baseball team and the Little Falls School District to use the park for nearly 40 baseball games, attracting hundreds of residents and visitors to the city. | Parks PADP     | \$484,000 |
| 41195 | Herkimer   | Town of German Flatts | Fulmer Creek Greenplain Resiliency Project                     | The Town of German Flatts, in cooperation with the Village of Mohawk, will implement recommendations of the Herkimer County New York Rising Community Reconstruction Plan to improve community resiliency, enhance water quality, and promote tourism and recreation. The project includes preparing designs for floodplain restoration and public recreation amenities along the Fulmer Creek corridor from West Main Street in Mohawk, upstream to the Leatherstocking Mobile Home Park in German Flatts.   | DOS LWRP       | \$200,000 |
| 41195 | Herkimer   | Town of German Flatts | Leatherstocking Mobile Home Park Property Recovery Project     | GIGP funding will support the stream and floodplain restoration components of the Leatherstocking Mobile Home Park Property Recovery Project. The larger project will remove residential structures from the floodplain and create a linear park along Fulmer Creek to permanently preserve the floodplain function of the site.  | EFC GIGP       | \$466,000 |

# Mohawk Valley

| CFA # | County     | Applicant              | Project Title                                      | Description  | Agency/Program | Award     |
|-------|------------|------------------------|--|--|----------------|-----------|
| 41195 | Herkimer   | Town of German Flatts  | Leatherstocking Mobile Home Park Recovery Project  | The acquisition of the Leatherstocking Trailer park by the Town of German Flatts for use as a flood mitigation practice and public park will ensure open access to the property and protect environmentally significant structures down stream, most notably erosion control and transportation infrastructure in the stream corridor. The project will encourage businesses to reopen or locate within the previously impacted area, and will encourage tourism and recreation through the creation of a community park with ADA-accessible restrooms, parking area, picnicking and fishing access. | Parks PADP     | \$277,000 |
| 41009 | Herkimer   | Village of Frankfort   | Village of Frankfort Inflow and Infiltration Study | The Village of Frankfort will complete an engineering report to identify sources of inflow and infiltration within the existing sewer collection system and develop recommendations for rehabilitation.  | DEC EPGP       | \$30,000  |
| 39795 | Herkimer   | Village of Herkimer    | Herkimer Municipal Pool Improvement Project        | The project will make critical repairs to the 50-year old pool, including addressing code violations and making the pool more accessible to seniors and people with disabilities. The Village of Herkimer is the last community in Herkimer County operating a municipal pool, serving 5,000 swimmers a year and drawing people into the central business district.  | Parks PADP     | \$412,500 |
| 43531 | Montgomery | City of Amsterdam      | City Hall Restoration                              | The grant will fund urgently needed repairs to Amsterdam City Hall (Sanford Mansion) in Amsterdam, New York, to preserve the building façade and fabric of this over 145-year-old structure listed on the National and State Registers of Historic Places, and to prevent further, more severe, and more expensive repairs at a later date.  | Parks HPADP    | \$224,625 |
| 39744 | Montgomery | City of Amsterdam      | Mohawk Valley Gateway Overlook                     | The City of Amsterdam will fabricate and install public art on the Mohawk Valley Gateway Overlook, a pedestrian bridge across the Mohawk River connecting Bridge Street on the south shore with the north shore waterfront.  | DOS LWRP       | \$325,000 |
| 39513 | Montgomery | City of Amsterdam      | City of Amsterdam Phase 5 Sewer Improvements       | The City of Amsterdam will use \$600,000 in NYS CDBG funds to implement the Storm Sewer Separation Phase 5 project and eliminate storm and sanitary cross connections. The total project cost is \$620,000 and includes \$20,000 in local funds.   | HCR CDBGPI     | \$600,000 |
| 40636 | Montgomery | Village of Fultonville | Village of Fultonville Water System Improvements   | The Village of Fultonville will use \$600,000 in NYS CDBG funding assistance to make upgrades and improvements to the Village water system. The total project cost is \$600,000 and is proposed to be funded in full with CDBG funds.  | HCR CDBGPI     | \$600,000 |
| 43465 | Montgomery | Village of Nelliston   | Nelliston Wastewater                               | The Village of Nelliston will complete an engineering report to identify sources of inflow and infiltration to the Village's sanitary sewer collection system, Montgomery County Sanitary Sewer District No. 1 (MCSSD#1).  | DEC EPGP       | \$30,000  |
| 42546 | Oneida     | City of Rome           | Bicentennial and Beyond                            | The City of Rome will construct new facilities at the new Canalside Navigation Center.   | Canals         | \$125,000 |

| CFA # | County | Applicant                                  | Project Title  | Description   | Agency/Program | Award       |
|-------|--------|--|--|---|----------------|-------------|
| 42546 | Oneida | City of Rome                               | Bicentennial and Beyond                                      | The City of Rome will remove several deteriorated timber dock pilings from the Erie Canal adjacent to the Terminal Building in Bellamy Harbor Park, repair the existing concrete and sheet piling bulkhead, and install new boat docks. The improvements are expected to attract charter, transient and excursion boats, driving economic development.  | DOS LWRP       | \$75,000    |
| 41325 | Oneida | City of Utica                              | Utica Harbor Marina Bulkhead and Infrastructure Improvements | The City of Utica will advance the Utica Harbor Master Plan through design of bulkhead, infrastructure, and site improvements; construction of infrastructure improvements; and implementation of a developer selection program.  | DOS LWRP       | \$750,000   |
| 40774 | Oneida | City of Utica                              | CODE GREEN: City of Utica Zoning Update                      | CODE GREEN: City of Utica Zoning Update will include a Zoning Ordinance update in the City of Utica in order to provide opportunities for innovative approaches to development, enabling the City to be a more economically viable and sustainable community. The new Ordinance will incorporate sustainable design and smart growth principles while promoting mixed-use, pedestrian friendly, dense, urban infill development that will attract new residents to Utica's urban core. Overall, this Project will result in increased, sustainable development in distressed areas, increased use of green technology in local businesses and projects, and an increased number of job opportunities. | NYSERDA CGC2   | \$168,750   |
| 38974 | Oneida | City of Utica                              | Kemble Park Project  | The City of Utica will develop a plan to re-purpose the former Kemble School site into a community park that will serve the recreational needs of Cornhill district residents, who have limited options for recreation/physical activity beyond their front porches and paved streets.  | Parks PADP     | \$500,000   |
| 40957 | Oneida | Mohawk Valley Community College            | Heating and Welding Training                                 | Mohawk Valley Community College of Utica will train 33 long-term unemployed workers in residential and commercial heating, and electric arc welding.  | DOL UWT        | \$98,967    |
| 40861 | Oneida | Mohawk Valley Community College Foundation | Mohawk Valley Innovation Hot Spot                            | The thINCubator, a project of Mohawk Valley Community College, will offer a unique incubator for entrepreneurs (the name thINCubator stands for "the home for innovative new companies") is to tap into the creativity of all segments of the regional population. The thINCubator works with a broad coalition of partners, with support from the Community Foundation, the Workforce Development Institute and MVCC – as well as in-kind partnerships from local colleges and expert advice and support from similar, more established projects in Syracuse.  | ESD HSSP       | \$250,000   |
| 39256 | Oneida | Mohawk Valley EDGE                         | Marcy NanoCenter - Time to Market Site Improvements Project  | Third major phase of site development bringing the Marcy Nanocenter site to near shovel-ready status.   | ESD Grants     | \$1,000,000 |

# CAPITAL REGION

\$60 million awarded to 93 projects

| CFA # | County | Applicant                                  | Project Title  | Description  | Agency/Program | Award     |
|-------|--------|--|--|--|----------------|-----------|
| 42933 | Albany | Albany County                              | Lawson Lake Infrastructure Improvements                    | The County of Albany will undertake a full assessment of the 400-acre Lawson Lake Park in Feura Bush, including needed improvements of existing infrastructure and recommendations for the construction of new public bathroom facilities and a pavilion.  | Parks PADP     | \$50,000  |
| 39401 | Albany | Albany County Convention & Visitors Bureau | Capital Sports Events Marketing                            | Albany Convention & Visitors Bureau will support the marketing of upcoming major collegiate sporting events in Albany in 2015. 2015 will be the beginning of a 3 year period that the Capital Region will host a total of 5 major events. These major events will be supported and leveraged to promote future tournaments to the region through a robust marketing plan to increase attendance at events as well as a series of activities will be planned in Albany. | ESD MNY        | \$125,000 |
| 41687 | Albany | Albany Institute of History Art            | Top 50 Exhibit   | Top 50 is an exhibition at Albany Institute of History and Art that presents the top 50 people, places, and events of the Capital Region through historic and fine art objects, imagery and multimedia presentations. The exhibit will also include educational and community engagement programs.   | Arts CHPG      | \$60,000  |
| 43081 | Albany | Albany Medical College                     | NY CAP Research Alliance Project                           | The NY CAP Research Alliance will create a capital investment program for researchers across the Alliance's partnering institutions to attract increased federal and industry funding, create new jobs and spur economic growth.   | ESD Grants     | \$500,000 |
| 41848 | Albany | Capitalize Albany Corporation              | 58 North Pearl Street - Downtown Albany                    | The Capitalize Albany Corporation will assist in the adaptive re-use of a building located at 58 North Pearl Street in Downtown Albany. The project will create 26 residential units and renovate 2,850 sf of commercial space.  | HCR NYMS       | \$236,250 |
| 41620 | Albany | City of Albany                             | Corning Riverfront Park Tidal Ponds Design and Engineering | The City of Albany will implement the Corning Preserve Waterfront Master Plan by preparing designs for enhancements to the North and South Tidal Ponds to improve water quality, habitat, and recreation opportunities.  | DOS LWRP       | \$200,000 |
| 42169 | Albany | City of Cohoes                             | Combined Sewer Overflow (CSO) Clean Water Project          | The City of Cohoes will complete an engineering report to address combined sewer overflows at Vliet Blvd. This project is identified in the Albany Pool CSO Long Term Control Plan.  | DEC EPGP       | \$30,000  |

## Capital Region

| CFA # | County | Applicant                         | Project Title   | Description  | Agency/<br>Program | Award     |
|-------|--------|-----------------------------------|---|--|--------------------|-----------|
| 42156 | Albany | City of Cohoes                    | Comprehensive Plan Development                                  | The City of Cohoes will revise its Comprehensive Plan to address both the needs of the community and evaluate how these needs fit into the strategic plan for the region. The Plan will foster regional collaboration, open doors to new funding opportunities, and is expected to increase the number of jobs.  | NYSERDA<br>CGC2    | \$51,500  |
| 39768 | Albany | City of Watervliet                | Capital District Inter-Municipal Organics Waste Management Plan | The Capital District Inter-Municipal Organics Waste Management Plan will address barriers and create opportunities for curbside and commercial collection programs and develop strategies for shared collection, composting, and digestion models to scale solutions county wide. This Project will result in improved waste and recycling programs and develop new systems to recycle and recover energy from food and organic waste.   | NYSERDA<br>CGC2    | \$100,000 |
| 39632 | Albany | City of Watervliet                | Assistance to Extreme Molding, LLC                              | The City of Watervliet will use \$195,000 in NYS CDBG Economic Development funds to assist in the expansion of Extreme Molding, LLC. The project proposes the creation of 13 full-time jobs, all of which will benefit low- and moderate-income New Yorkers.   | HCR<br>CDBGED      | \$195,000 |
| 39099 | Albany | City of Watervliet                | Microenterprise Grant Program                                   | The City of Watervliet will use \$200,000 in NYS CDBG Microenterprise Program funds to assist in the establishment of the Watervliet Microenterprise Program. The program proposes to assist 8 microenterprises, 5 of which will be owned by low- to moderate-income persons. In addition, the program proposes to create 10 full-time equivalent jobs.  | HCR<br>CDBGME      | \$200,000 |
| 43286 | Albany | Eagle Street Corporation          | Upper State Street Garage Project                               | Construction of a parking garage to service a hotel (former DeWitt Clinton), a mixed use development and a planned connector to the future Albany Capital Convention Center.   | ESD Grants         | \$900,000 |
| 42150 | Albany | Erie Canalway Heritage Fund, Inc. | Matton Shipyard Adaptive Reuse Project                          | The Erie Canalway Heritage Fund (ECHF) will develop a feasibility plan for the Matton Shipyard to develop a strategy for preservation and use of existing structures and waterfront, including one building used as ECHF headquarters; identify a flood protection strategy; and assess the feasibility of a multi-agency use of the site. The Matton Shipyard, established in 1916, is located on Van Schaick Island in Cohoes, New York at the junction of the Hudson and Mohawk Rivers. Matton is a rare surviving example of an early 20th century civilian ship building and repair facility. | Parks<br>HPADP     | \$238,642 |
| 43369 | Albany | New York Golf Trail               | New York Golf Trail International Expansion                     | The New York Golf Trail will continue the expansion and marketing of the New York Golf Trail by adding two more regions to the Trail (Buffalo/Niagara and Elmira/Watkins Glen) and by this expanding the digital marketing and advertising, as well as paid search, into Ontario and Quebec. Additionally, the 2015 plan also includes piloting 30-second television spots on the Golf Channel in New York, MA and PA.   | ESD MNY            | \$100,000 |

| CFA # | County | Applicant  | Project Title   | Description  | Agency/Program | Award     |
|-------|--------|--|---|--|----------------|-----------|
| 39060 | Albany | Open Space Institute   | Thacher State Park Visitor Center                                 | The project will design, develop, fabricate and install state-of-the-art, interactive exhibits and interpretive features within the new park center at John Boyd Thacher State Park. The new Thacher Park Center will anchor the visitor experience and provide a vibrant year-round destination in the park. An essential element is the permanent exhibitry linked to park interpretive features to enrich visitor appreciation of the park's unique geology, natural history, and spectacular scenery.  | Parks PADP     | \$220,000 |
| 43423 | Albany | Research Foundation of the State University of NY (Albany)       | Capital Region Innovation Hot Spot                                | The i518 program will provide entrepreneurial support and training in points of presence in downtown Albany, Troy, and Schenectady. This will nurture the growth of new employers in these areas that are accessible by public transportation to low-income and underserved people. Through the UAlbany SEED program, business mentorship and counseling is provided to low-income entrepreneurs. Additional i518 entrepreneurial training will be provided to SEED companies in the IT-enabled, web services, or other innovation-based businesses. CEG, as a major part of its strategic plan, also focuses on workforce & education initiatives that provide a continuous pipeline of skilled STEM workers to support entrepreneurial activities throughout the region. | ESD HSSP       | \$250,000 |
| 39644 | Albany | Simmons Machine Tool Corporation                                 | Facility Renovation   | Renovation of an existing facility and bring in-house an automated process for production that is currently outsourced to a European company.  | ESD EJP        | \$348,000 |
| 43230 | Albany | The Research Foundation for the State University of New York     | NY Quality Assurance Laboratory                                   | Build out of a comprehensive calibration laboratory for meteorological instruments and test site for advance technology to support 125 statewide weather stations.   | ESD Grants     | \$900,000 |
| 39195 | Albany | Town of Bethlehem  | Microenterprise Grant Program                                     | The Town of Bethlehem will use \$200,000 in NYS CDBG Microenterprise Program funds to assist in the establishment of the Bethlehem Microenterprise Grant Program. The program proposes to assist 10 microenterprises, 3 of which will be owned by low- to moderate-income persons. In addition, the program proposes to create 7 full-time equivalent jobs.  | HCR CDBGME     | \$200,000 |
| 43233 | Albany | Trinity Alliance of the Capital Region, Inc.                     | Nano Alliance Center for Careers in Sub systems and Site services | Fit-up and M&E to establish the Nano-Alliance Center for Careers in Sub-systems and Site-services (CS2) to provide training in clean room and equipment maintenance standard operating procedures at Trinity's Capital South Campus Center in Albany.  | ESD Grants     | \$400,000 |
| 39854 | Albany | Underground Railroad History Project of the Capital Region, Inc. | Stephen and Harriet Myers Residence Restoration                   | Funding will help the construction of historically accurate front and rear first floor, kitchen/dining area, stairways and entrances and the placement of a lift located at the Myers residence at 194 Livingston Avenue, Albany, NY. Issues to be addressed include safety, construction job creation, increased audience diversity, sustainability of the historic site, and community revitalization.   | Parks HPADP    | \$60,500  |

| 39982 | Albany   | ZeroBase Energy, LLC         | New Manufacturing Facility                          | Michigan-based company in planning stages to develop and build hybrid power systems for the defense industry.  | ESD EJP        | \$360,000 |
| 42168 | Albany, Clinton, Essex, Rensselaer, Saratoga, Washington, Warren | Lakes to Locks Passage, Inc. | Power of Storytelling for Cultural Heritage Tourism | The project creates the audio narration for two Lakes to Locks PassagePorts: 'Waterways of War' (War of 1812) and 'Turning Point Trail' (Revolutionary War). These mobile apps are thematic itineraries for 'engaged explorers,' thematically linking 70 museums and historic sites located in 17 counties in upstate NY.  | Arts CHPG      | \$15,200  |
| 42682 | Albany, Columbia, Dutchess, Greene, Ulster                       | free103point9, Inc.          | Enhance Digital Programming & Outreach              | The WGXC Mobile Studio Manager is a new, full-time position. This employee will manage Arts + Culture + Transmission, a program that aims to develop digital skills in rural upstate communities, as well as produce and transmit arts and cultural programming through Wave Farm's WGXC-FM radio and online streams to a broad spectrum of public users and listeners.  | Arts WIP       | \$41,200  |
| 43484 | Albany, Rensselaer, Troy   | Albany Symphony Orchestra    | American Music Festival                             | The 2015 American Music Festival, a five-day celebration of new music by living American composers, takes place in Troy, Rensselaer and Albany, NY. The theme of the Festival is "Migrations." The centerpiece is a performance of "Migration Series" by Derek Bermel, a collaboration between the Albany Symphony and the Juilliard Jazz Orchestra.   | Arts CHPG      | \$60,000  |
| 39726 | Albany, Schenectady  | Capital Repertory Theatre    | Next Act New Play Summit                            | The Next Act New Play Summit is a new, annual year-long project to create a pipeline between emerging playwrights and the only professional producing theatre in the Capital Region. The Summit begins with a three-day event highlighting the work of the playwrights and culminates with a world premiere theatrical production at Capital Repertory Theatre.  | Arts CHPG      | \$32,200  |
| 39730 | Albany, Schenectady, Troy  | Proctors Theatre             | We Are Broadway Promotional Campaign                | Proctors will conduct the multi-platform "We Are Broadway" campaign for its presentation of Touring Broadway theatre shows, growing the theatre and arts center as a tourism destination across multiple regions and states in the northeast. These marketing activities showcase the attractions of Schenectady and the Capital Region with an economic impact of over \$45 million per year. The marketing campaign consists of television, radio and print advertisements as well as social media, direct mail, and other strategies to engage new patrons. | ESD MNY        | \$150,000 |
| 40443 | Columbia   | City of Hudson               | Stormwater Separation Project                       | The City of Hudson will use \$600,000 in NYS CDBG funding assistance to replace 525 linear feet of 24"-42" sanitary and stormwater lines along Front Street in the City. The total project cost is estimated at \$600,000.   | HCR CDBGPI     | \$600,000 |
| 39561 | Columbia   | Columbia County              | Hudson North Bay Recreation and Natural Center      | The project is to design a recreational and natural trail within walking distance of downtown Hudson on lands that include the former Hudson Landfill.   | Parks PADP     | \$131,250 |

## Capital Region

| CFA # | County                                     | Applicant                             | Project Title  | Description  | Agency/Program | Award     |

| 43212 | Dutchess | Mill Street Loft                  | Poughkeepsie Youth Challenge Year Three                     | "Art Institute: Poughkeepsie Youth Challenge" (AI:PYC) is the third year of a college preparedness course for local youth living in poverty. The AI:PYC curriculum incorporates family meetings, team building, status reports and individual goals for each student's art and in-school work; ensuring graduation from high school, entrance into college and scholarships. Art Institute graduates have been offered over \$30 million in merit-based scholarships.  | Arts CHPG      | \$48,000  |
| 41296 | Dutchess | The Culinary Institute of America | Four Season Sustainable Garden                              | Construction of a Four Season Sustainable Garden, a year-round growing facility for seasonal fruits and vegetables, complete with solar-powered cold frames and greenhouse structures.   | ESD Grants     | \$200,000 |
| 41658 | Dutchess | Town of Hyde Park                 | Retrofitting Hyde Park's Town Center                        | The Retrofitting Hyde Park's Town Center project will make the Town of Hyde Park's key commercial area development-ready by proactively conducting design work and environmental review. LEED for Neighborhood Development principles will guide the project, with state-of-the-art site planning, stormwater management, wastewater management and pedestrian amenities incorporated to foster sustainable development. Overall, this project will increase walkability and bikability, revitalize the downtown area, and reduce transportation emissions in Hyde Park.   | NYSERDA CGC2   | \$161,000 |
| 43407 | Dutchess | Village of Wappingers Falls       | Wappingers Falls Waterfront Strategic Investment Initiative | Construction of a redundant storm resiliency water main loop to service the remediated superfund site, the "Bleachery" in downtown Wappingers Falls.   | ESD Grants     | \$800,000 |
| 39961 | Dutchess | Walkway Over the Hudson           | Greater Walkway Experience Project                          | The Walkway Over the Hudson will create the infrastructure necessary to encourage the nearly 700,000 annual visitors to Walkway State Park to venture beyond the Park to patronize hotels, restaurants, shops, and cultural venues in the surrounding region. The project will leverage the success of the Walkway to benefit the host communities in Ulster and Dutchess Counties and beyond. In addition to creating wayfinding signage and an outreach campaign, this initiative involves further collaboration with Marist College and IBM in enhancing the Walkway Mobile Web Tour and the creation of a web platform that will host an array of rich travel content. | ESD MNY        | \$189,000 |
| 40849 | Dutchess | City of Poughkeepsie              | Poughkeepsie City Center Connectivity Project               | The Poughkeepsie City Center Connectivity Project seeks to remedy transportation related barriers that are inhibiting revitalization of Poughkeepsie's historic central business district. The project will reintroduce high performance transit along Main Street; transform Market Street into a complete Street; convert the City's arterials into boulevards; and enhance pedestrian connectivity between City Center and the City's waterfront. This project will result in a sustainable transportation network while increasing economic development and redeveloping vacant land.  | NYSERDA CGC2   | \$250,000 |
